

Wednesday, September 11, 1963, Cont'd.

Mr. Albert Schoenborn talked to the Court about pushing through a road on tenth street in Bayocean Park in order to build on his lot in Block 18. The Court advised him that he could cut the brush on the street but that he should check with the Court again if it appeared there was any timber thereon. They explained that the County could not build a road on this right of way at this time.
