

Friday, November 15, 1963

At a regular meeting of the County Court on the date set above at which time were present County Judge H. Clay Myers and Commissioner A. H. Tilden, the following business was transacted:

Mr. Schulmerich attended meeting of Oregon Coast Association in Newport.

The following liquor renewal applications were approved:

Robert A. and Anna E. Howard, Beaver, P.A.
C. M. Brown, et al, Hebo, D.A.

Messrs. Starr, Wright, Hammel and Byerlee called on the Court to discuss the matter of the Pacific City Water District putting in pipe and service to lots in the Haystack Heights subdivision. The Court explained that they cannot spend public funds to extend water service in this area and that the water district should make some kind of arrangement with property owners.

Mr. Wickman called on the Court and the Court then made an inspection of the hangar which his firm built at the airport and agreed to accept it.

Mr. George Winslow, Sr., met with the Court to discuss payment of his services for the Meadow Lake project. The District Attorney has approved Mr. Winslow's bill of \$17,500 for legal services, but before the funds can be paid, a supplementary budget will have to be advertised and approved for use of the monies being held.

H. Clay Myers
County Judge
A. H. Tilden
County Commissioner
