Wednesday, February 23, 1966

At a regular meeting of the County Court on the date set above at which time were present County Judge H. Clay Myers and Commissioners L. C. Schulmerich and C. Ernest Iseri, the following business was transacted.

Order was signed in the matter of posting 'No Parking' signs on the Blaine Road above the Fourth Bridge.

Three representatives of the Road Crew called on the Court to request that a retirement program, as provided by State law, be established for road department employees, with the County raising wages enough to cover the share which the employee would contribute to such a plan. The Court advised the men that setting up such a program would depend on whether or not sufficient money could be found in the budget.

Judge Myers, and Commissioners Schulmerich and Iseri discussed the contents of a letter which the Port of Bay City had written to Thos. J. Murray regarding difficulty the Port of Bay City and the County Court were having receiving information from his firm through the appointed representative of the three agencies and advising him that some other person would have to be designated as the go between. Mr. Iseri, Mr. Schulmerich and Judge Myers approved the contents of the letter and the commissioners authorized Mr. Myers to sign the Court's approval on the space provided on the letter. It was then returned to Bay City Port (Fritz Vermilyea) for mailing.
