Hearing was held in the Pacific City Chamber of Commerce Building on the proposed incorporation of Pacific City. Mr. Robert L. McKee, attorney for the petitioners, explained the reasons for the petition. Antone Hurliman requested that 29 acres of his property be deleted, and Carl Hurliman requested that a portion of his property be deleted. The Commissioners granted both requests. Mr. Jess Sutton desired that his property be included. He was not aware that it had been included in the description contained in the petition. M. J. Duncan inquired as to who was underwriting the cost of the incorporation and was advised by Mr. Ivan Koeber that the Pacific City Chamber of Commerce was paying the bill. Mr. Loyal Leabo inquired as to the cost to the taxpayers after incorporation. Mr. McKee explained that this would be determined by the services requested and explained that, based on population of the incorporated area (which will be determined by Portland State University center for population and research and census) the incorporated city would be expected to receive somewhere in the neighborhood of \$12,000 from the State of Oregon each year. Unofficial estimates place the population somewhere in the neighborhood of 600. This answered Victor Learned's question as to how the population is determined. Mr. Knight moved that the petition be accepted and a date for election scheduled. Seconded by Mr. Bailey and passed unanimously. The hearing was closed, after which the commissioners answered queries on other subjects from persons attending the hearing. Tentative date for the election was set January 28, 1972.
