25

26 Commissioner Hurliman questioned why Jefferson County was so low on the mobile units. Ms.

1 Mr. Robinson said losses for the year were now projected at \$152,000, rather than \$252,000.
2 Commissioner Josi wanted a line item discussion.

3
4 **ITEM NO. 2: HUMAN RESOURCES & INFORMATION SERVICES UPDATE:** Mr.
5 Schwinck reported negotiations with the Teamsters Union would begin the following day. Mr. Blitz
6 would participate. They would need at least two days. He had developed a report showing salary
7 increases (13-14%) and health insurance increase (46%), while the CPI for that four years was 10%.

8
9 Commissioner Hurliman said he had received an anonymous letter about nepotism. He felt they
10 needed to be aware of that. Mr. Schwinck said the application form asks if the applicant had a
11 family member working for the County.

12
13 Mr. Robinson asked about the Board's desire to be involved with on-call RNs. Mr. Schwinck said
14 they could create a list of people willing to fill in after interview and screening. They would fill in
15 as a temporary.

16
17 **ITEM NO. 4: COMMUNITY DEVELOPMENT UPDATE:** Mr. Campbell distributed copies of
18 the weekly building inspection report. He described the one stop-work order in the week and
19 updated the one from the prior week.

20
21 Mr. Campbell reported on the Planning Commission's action to table the Transportation Systems
22 Plan until a workshop in July. It had been scheduled to come before the Commissioners on June 2.
23 On that date, it would be necessary for the Board to continue it to a date certain.

24
25 Mr. Campbell would meet with Port of Tillamook Bay consultants on May 28th to discuss rural
26 center findings. He commented on possible issues that could be raised in an appeal to LCDC.

27
28 Mr. Campbell said the Planning Commission approved the Netarts RV Park sign. The findings were
29 being finalized. The sign was now an on-premise sign and reduced in size by approximately half.
30 He described the difference in space numbers between the licensing and master plan of the RV park.

31
32 Mr. Campbell said he would prepare an order changing the County's membership in the Estuary
33 Partnership to that of Ex Officio status. He described some necessary by-law changes he would be
34 working on.

35
36 Mr. Campbell distributed a list of applicants for a Truck Advisory Committee which he would work
37 with on truck routes.

38
39 Mr. Campbell discussed a DOGAMI conference that Ms. Phipps had attended in late April. They
40 would be forming a steering committee on coastal erosion and they were looking for a representative.
41 The Board would consider that.

42
43 Mr. Campbell updated the Board on Goal 5 work. The Planning Commission hearing was Thursday.
44 The Commission could also continue it to June 10th if necessary.

Page 3

1 Mr. Gettman said the Tillamook Estuary Partnership would not be taking any further action on the
2 agreement, and he urged the County to remain a voting members. The Board urged him to testify
3 when the order came before them for action.

4
5 Commissioner Hurliman said the Oregon Parks Department would be contacting Mr. Campbell
6 about the Comprehensive Plan provisions relative to the snowy plover.

7
8 Mr. Campbell described recent meetings regarding Botts Marsh and the uncertainties of the
9 expanding scope of the project with each meeting, without withdrawing the application or submitting
10 a new one for the expanded scope. He reported on the City/County jurisdiction history.

11
12 **ITEM NO. 5: PUBLIC WORKS UPDATE: a. Consideration of Amendment #1 to 2001 Oregon**
13 **Transportation Investment Act Agreement for Blaser Bridge Replacement Project:** Mr. Oakes
14 said an extension allowed the County to complete the cost accounting. He submitted the I.G.A.

15
16 Commissioner Josi moved to approve the amendment, Commissioner Hurliman seconded, passed
17 with three aye votes.

18
19 The Commissioners signed the amendment.

20
21 Mr. Oakes said the contractor was unable to finish the asphalt, so Public Works would be closing
22 out the project.

23
24 Mr. Oakes recommended the Board sign the Notice of Intent to Award the contract to Alpine
25 Construction for the Gist Road/Smith Creek Culvert Project. There was consensus to schedule it for
26 the May 19th Board Meeting.

27
28 Mr. Suko described the third week of paving on Laneda Avenue. The project would be half finished
29 in a couple of days.

30
31 Mr. Suko said there had been complaints of yard waste dumping at the Les Schwab Tire recycle area.
32 He described how he was trying to resolve the issue.

33
34 Commissioner Hurliman discussed speeding on several County roads, and he was working with the
35 Sheriff on that. Mr. Suko said the painting contractor would be working on lining of roads in June.

36
37 **ITEM NO. 6: UPDATE ON TSUNAMI SIREN TESTING:** Mr. Swanson said he was pleased
38 with the progress being made and said that Mr. Manning and Mr. Root had worked hard.
39 Improvements still needed to be made on two sirens.

40
41 Mr. Root said both Cape Meares and Pacific City sirens were not consistent. The Neah-Kah-Nie
42 siren had a problem on overcast days. It might require more signal strength and improve the line of
43 sight.

MINUTES - TILLAMOOK COUNTY BOARD OF COMMISSIONERS' STAFF MEETING

Monday, May 17, 2004

Page 4

1 Mr. Manning described the value of NOAA weather radio as an important part of the warning
2 system. He said the Wednesday meeting was a good way to get the word out.

3
4 Mr. Swanson said the system would be tested every 2nd Monday of the month.

5
6 There was a discussion about signage and evacuation routes.

7
8 Chair Hanneman recessed the meeting at 10:30 a.m. and reconvened at 10:45 a.m.

9
10 **ITEM NO. 9: BOARD CONCERNS - NON-AGENDA ITEMS & ANNOUNCEMENTS: a.**
11 **Discussion Concerning Letter to Economic Development Council Members Regarding**
12 **Proposed Allocation of County Video Lottery Funds:** Ms. Dye and Ms. Viehoever were present.

13
14 Commissioner Josi said he was fine no matter which way it went. He said the County was budgeted
15 to receive \$120,000 from Video Lottery, leaving \$10,000-\$20,000 for this program. However, he
16 was concerned about future State cuts in the program and the County's current \$80,000 reserve. He
17 wanted to maintain a strong reserve to keep EDC viable in the event of such a cut.

18
19 Ms. Dye said she understood that this was a good concept, with the amount of \$20,000 to be
20 discussed for such a transfer. In recent years, the amounts used had been significantly less than
21 \$20,000.

22
23 Ms. Viehoever felt it was the Board's call, but there should be some small administrative fee
24 initially.

25
26 There was a discussion regarding how the EDC would allocate the funds. Commissioner Josi
27 suggested funding the program initially at \$10,000 until the reserves were up over \$100,000. Ms.
28 Viehoever felt it made sense to start out at \$10,000. The Commissioners would then reduce their
29 Public Relations line to \$500. Ms. Viehoever said the EDC Board might also be an applicant.

30
31 Ms. Viehoever said the EDC Board would set up the criteria for making awards. Commissioner Josi
32 thought the Chamber brochures should remain in the General Fund. Chair Hanneman felt that would
33 be confusing.

34
35 After some discussion, it was decided that the EDC Board would develop the criteria, for approval
36 by the Commissioners. The COL-PAC would remain as a separate Video Lottery expenditure.

37
38 There was discussion regarding how much the initial amount should be.

39
40 Commissioner Josi moved to allocate \$10,000 in Video Lottery funds to EDC, pending final
41 approval of the criteria, Commissioner Hurliman seconded, passed with three aye votes.

42
43 Ms. Viehoever confirmed that it would begin July 1.

ITEM NO. 7: MANAGEMENT ANALYST UPDATE: a. Consideration of Offer to Purchase Parcels #4, 5, 6, 7, 8, 9, 10, 11 & 16, Previously Offered at May 7, 2004 County Land Sale: Mr.

Levesque said the offers were only 10-25% of the minimum bid price and recommended the offer be rejected.

Commissioner Hurliman moved to reject the offers, Commissioner Josi seconded, passed with three aye votes.

Mr. Levesque discussed the dog control/shelter issues and updated the Board. The Board approved the concept that the County's license could apply in those cities that consented to jurisdiction and the County would then pick up the cost of the dogs brought in from such cities. He would be attending the Garibaldi City Council meeting that night.

Mr. Levesque reported on his OPPMA conference the previous week and his election as president of that organization.

ITEM NO. 8: STAFF UPDATE/CALENDAR REVIEW & SCHEDULING/AGENDA REVIEW/SUGGESTION BOX/INTER-OFFICE MATTERS:

The Board reviewed and amended the agenda for the May 19th evening Board Meeting. Mr. Schleichert would be in attendance to be introduced as the new Parks Director and to talk about plans for the County parks.

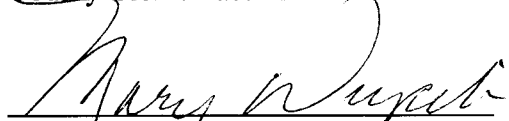

The Health Department budget workshop was scheduled for May 19th at 9:00 a.m. There was a consensus not to hold evening meetings in July and August. District 7 was set for October 18th.

ITEM NO. 10: PUBLIC COMMENTS: There were none.

Chair Hanneman adjourned the meeting at 11:43 a.m.

RESPECTFULLY submitted this 16 day of June, 2004.

PROPOSAL TO INCREASE ENVIRONMENTAL HEALTH FEES
5-17-2004

ISSUE: The Environmental Health Department proposes raising the annual fees for our licensed facilities which includes restaurants and mobile food units to match the fees set by the State Health Services. Twenty-six counties either match or are above these fees. In addition, EH proposes raising the plan review fee to that set by the State Health Division.

FACTS: EH has not raised fees to licensed facilities since 1995.

ORS 624.510(2) allows a local public health authority to collect fees on behalf of the department that are adequate to cover the administration and enforcement costs incurred by the local public health authority ... and the cost of oversight by the department.

EH personnel costs have risen 7.6%/year

EH operating costs have risen annually
