Summary 175 words which concisely and impartially summarizes the measure and its major effect.
This measure would form a new city with roughly 350 residents within the current Oceanside Community Boundary, with minor variations to the north and east, and excluding The Capes. Incorporation would create a local government with authority over land use standards, road maintenance, tourist management and other municipal issues, subject to state and federal laws and regulations. Existing Special Districts will continue to provide sewer, water, fire/emergency and other essential services. If approved, the city would be located primarily in that portion of the rural unincorporated community of Oceanside north of South Avenue and Highland Drive, and south of the gravel pit and Short Beach.
The city would be governed by an elected five member City Council, one member of which would serve as mayor.
This measure authorizes a permanent tax rate limitation of \$.80 per \$1,000 of assessed value on the nonexempt real property within the city.
