Cape Meares Road Relocation

Construction Activities & Upcoming Work

This week work began on the North end of the project with the installation of the Stream #4 36” culvert under MSE Wall #1. Truck traffic between the south project entrance and the adjacent Lighthouse Quarry will remain active but at reduced levels, however, construction traffic is scheduled to be steady on the closed portion of the old Cape Meares Loop. Therefore, pedestrian and bicycle traffic has been prohibited by Tillamook County through project completion in November 2023.

ROAD CLOSURES

Current road closure points will remain in effect on Bayocean Road near the Cape Meares Lighthouse, and approximately 0.5 miles south of the Lighthouse. Construction will have minimal impact on public
