Cape Meares Road Relocation September 22, 2023

Construction Activities & Upcoming Work

Access to Cape Meares Lighthouse was closed on Wednesday of this week to prepare the Cape Meares Loop near the south entrance to the project for paving operations. Weather permitting, paving for the existing road and the new road are scheduled to begin next week and are expected to continue over the next two weeks. Truck traffic between the south project entry and the adjacent Lighthouse Quarry will be minimal through project completion, however, construction traffic is expected to be steady on the closed portion of the old Cape Meares Loop for the next several weeks. Therefore, Tillamook County has prohibited pedestrian and bicycle traffic on the old roadway through project completion in Fall 2023.

ROAD CLOSURES

Current road closure points will remain in effect on Bayocean Road near the Cape Meares Lighthouse, and approximately 0.5 miles south of the Lighthouse. Construction will have minimal impact on public traffic as it is closed to through traffic. Please be advised that project limits are now designated by barricades on Cape Meares Loop, coming south from Bayocean Road. See map on the following page for areas not accessible to the public.
