

Cereal Box Folder (requires 2 boxes)

1. **Unfold** box with inside facing up.

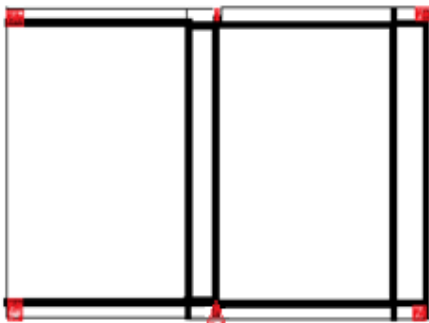

2. **Cut width and height.**

Height: 12 $\frac{3}{4}$ inches. Cut top and bottom, leaving folds.
Width: 10 $\frac{1}{2}$ inches. Cut from both right and left sides.
(Leaving the right fold will help when putting folder together)

Note: Draw a line on this fold as a reminder this is the middle of the folder.

3. **Corners and middle flaps.** Cut $\frac{1}{2}$ inch squares from each corner.
Cut $\frac{1}{2}$ inch slit on top at middle fold..

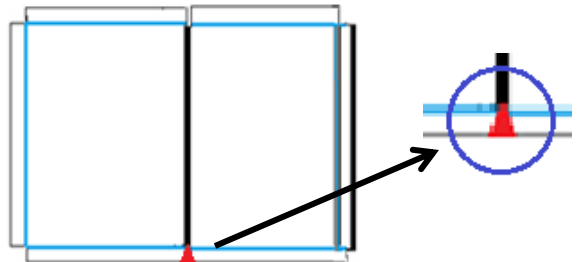

4. **Score on front of folder** a $\frac{1}{2}$ inch on top, bottom and both sides, creating flaps for inside of folder.
Fold on scores to inside of folder.

5. **Cut 2 inside pockets from another box.**
9 $\frac{1}{4}$ inches width x 3 $\frac{1}{2}$ inches high.
Cut a curve on each pocket.

6. **Cut a $\frac{1}{2}$ triangle on bottom at middle fold.**

7. **Decorate** the outside of the folder and pockets with wrapping, contact, or scrapbook paper. Whatever you imagine. OR you can leave it as is.

8. **Putting folder together.**

Attach flaps with hot glue , double side tape or duct tape.

Place pockets in folder.

Fold scored bottom flaps on to pockets and attach.

Cut slit on both side flaps to the height of the pockets.

Fold the bottom side flaps to pockets and attach.

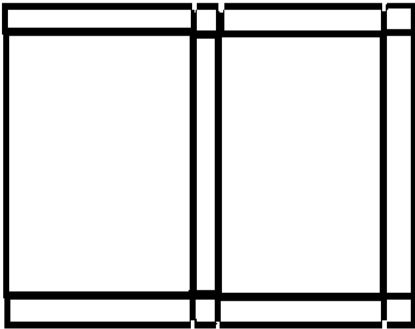

Fold the top flaps in and attach.

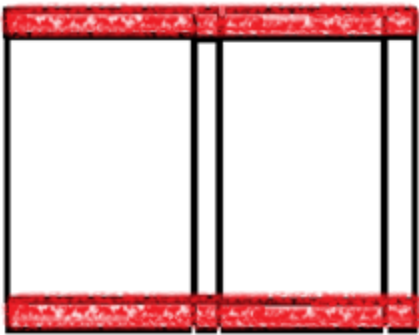

Cereal Box Photo Frame

1 cereal box will = 2 frames

1. Unfold box with inside facing up.

2. Cut top and bottom flaps.

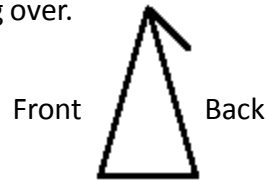

3. Cut box horizontally in half.

4. Cutting tab. Using only 1 of the halves. On the end with the flap. Find the center and cut 2 triangles 1 ¼ inches from the center side.

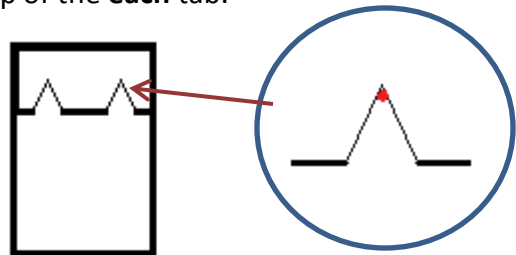

5. Fold box inside out so it looks like a triangle from the side. The front flap with the tab will be hanging over.

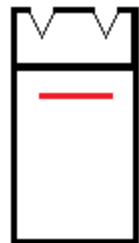

6. Marking slit on back to put tab in.

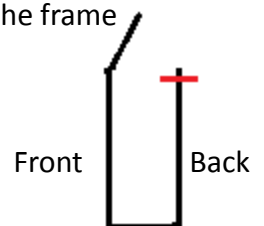

From the back of the frame, press the top tab flap to the box and mark a small dot on the top of the **each** tab.

7. Cut a slit on back from dot to dot.

8. Open frame. The front and back sides are even. Cut a little under ¼ inch off the top of the back. This will make the front of the frame stand straight.

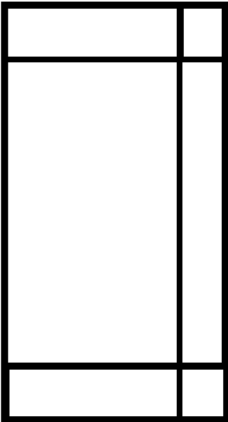

9. Decorate the cardboard side (this will leave the printed side as the inside of the frame).

A hole can be cut on the front and attach a photo behind. **OR** no hole and attach photo on front.

Cracker/Pasta Box & Advertising Magnet(s)

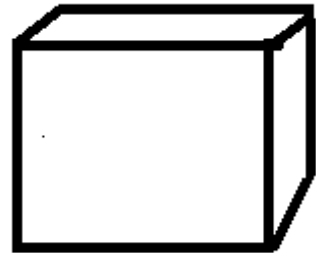

Pen/Pencil Holder for Locker or Refrigerator

1. **Open** top and bottom flaps and lay out box.

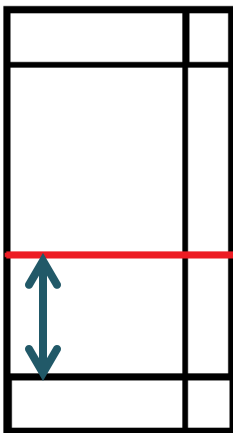

3. **Decorate Holder**

4. **Put holder together.** Glue bottom of the holder back together.

2. **Cut** box to desired height from bottom of box

Note: bottom flap will be put back together. Open top and bottom flaps and lay out box.

5. **Attach magnet(s).** Glue the **advertising side** of magnet(s) to back of holder with glue or strong double sided tape.

Note: Magnet should be no less than a ¼ inch smaller than the holder, so 2 magnets might need to be used.
